Vet visits/Shots/worming record: SEE HEALTH RECORD PROVIDED

Breeder's Vet:

SIRE: DAM:

The within-described puppy is guaranteed to be in good health, to the best of Seller's knowledge, at the time of the sale. Initial Guaranty Period: Seller has instructed the Buyer to have the puppy checked by a licensed veterinarian (within 72 hours of purchase). If the veterinarian finds anything that is LIFE THREATENING with the puppy a refund will be given, provided a letter from the examining veterinarian is offered as evidence of the puppy's illness, and the puppy is returned within the guaranty period (or acceptable arrangements have been made with the Seller). If it has been determined that, despite Seller's best efforts, the pup left Seller's premises with some type of virus or infection or minor illness, Seller agrees to share in the (reasonable) expense of veterinary care, up to the whole thereof. Failure to have a vet check will Void this guaranty. Certain illnesses, such as parvo, giardia, clostridium and coccidia, are highly contagious and easily passed to the pup from other animals or the environment. Because of the extremely contagious nature of these illnesses, they cannot be guaranteed after the pup has left the Seller's premises. Any signs of depression, lethargy, lack of appetite or desire to drink water, diarrhea (particularly with blood and/or mucous), or vomiting must be reported to the breeder and your vet immediately.

Buyer understands that Seller has instructed Buyer not to take puppy to public places (including, but not limited to, parks, neighbors, pet stores, puppy classes/training, etc.) until the puppy has received his/her third rounds of shots (12 weeks of age). This is for the health of the puppy and to avoid contact with areas where infected or un-vaccinated dogs may have been or may be present with such illnesses/bacteria/fungus causing parvo, giardia, clostridium, coccidia, etc. might be present. This is to protect the puppy and could save the puppy's life. Any illness contracted from Buyer's decision not to follow these guidelines will void this guaranty.

Twelve Month Guaranty Period: In the event of an emergence of any genetic disorder within the first 12 months of the dog's life which is sufficiently serious to greatly diminish the quality of your pup's life, Seller agrees to replace the pup with one of equivalent quality from a subsequent litter bred by the breeder (if available), or Buyer may elect to receive one-half the purchase price (not including shipping charges) (Proof to be provided to Seller.) Shipping, if necessary, of said replacement pup shall be at Buyer's expense. If the genetic disorder is hip dysplasia, the x-rays must be submitted for review by OFA, and the dog shall NOT HAVE BEEN OVERWEIGHT AT ANY TIME DURING THE GUARANTY PERIOD. Except as set forth above regarding the 72-hour guaranty, you will never be asked to return your pup/dog in order for this guaranty to be effective. Buyer agrees to maintain this dog in good health, provide routine preventative health care including, but not limited to, inoculation, parasite control, heartworm prevention, and preventative medication; failure to do so voids this guaranty.

NOTE: Not included in this guaranty are health problems arising from trauma, abuse or failure to maintain general health care of this dog (including allowing the dog to become overweight). Also not included is injury to joints or bones from over-exercise. Veterinary records must be provided to Seller if requesting refund or replacement. Under no Circumstances shall the Seller be liable to the Buyer or to any third party for a dog that has been subjected to abuse, accident, negligence, or misuse. Also, under no circumstances shall the Seller be liable for any consequential, incidental, or special damages resulting from or in any manner related to this dog.

Buyer agrees to spay or neuter the pup before it reaches the age of six (6) months. Failure to do so will void this guaranty. If the Buyer's vet recommends a later spay or neuter, Seller must be notified immediately.

Re-Homing: If an unforeseen situation arises such that Buyer is unable to continue to keep the puppy/dog, Buyer agrees to contact Seller and Seller will take the puppy back and find an approved home for such pup/dog. (Delivery arrangements are responsibility of Buyer.) If Seller is able to sell the pup/dog, Seller will provide the sale price of the dog to the Buyer, less \$500 re-homing fee or actual expenses, whichever is greater. Buyer understands that the sale price of the pup/dog will likely not be the same price as Buyer paid for the pup/dog, depending upon the pup/dog's marketability at the time of re-homing. Seller offers this re-homing so that no pup/dog bred by Seller ever ends up in a shelter or in an un-approved home.

This guaranty is not transferable and is between the Seller and the original Buyer only. It is further understood and agreed that no warranty or representation has been made with respect to the sold puppy except as set forth herein.

Buyer has read the above and agrees by said conditions.
